

WOOD BROTHERS PROMOTIONS LLC 2010 MID SIZE FIGURE 8 RULES & REGULATIONS

The Mid Size Figure 8 Scramble is open to men and women who have a valid driver's license. In the best interest and in fairness to all contestants the following rules and regulations shall prevail.

Driver Entry:

1. Driver must be at least 16 yrs. of age. Under 18 must have a parental release form signed by parent/legal guardian.
2. Drivers may have one rider if so desired. Only the registered driver will be eligible for any money awarded.
3. Entries will be accepted up to 1/2 hour prior to event start time.

Participation regulations:

1. There will be a predetermined amount of laps per heat and features.
2. A vehicle must make a complete lap to be officially counted towards their total laps. Each vehicle will have an official scorer counting these laps.
3. Driver can go forwards or backwards, whatever it takes to get you around the track.
4. No deliberate head-ons or hitting an opponent's driver's door.
5. Driver and/or passenger must remain in his/her vehicle until heat or feature event is over or when an official tells you.
6. All drivers must attend drivers meeting prior to event start time.
7. Protests should be directed to the main official at the earliest possible time. There will be a \$100 cash in hand protest fee. The protester must be in the top eight in the main event to be able to protest.
8. **Each driver will be given an "emergency" warning flag to be waved so officials know that a fire or an emergency is happening in their vehicle so the event can be stopped until the problem is resolved. Take care of this flag as replacement flags are \$5 each.**
9. **Alcohol or drug use will not be tolerated, if found to be under the influence of alcohol or drugs prior to the event being over, immediate disqualification will occur.**

Preparation of Vehicles:

1. Open to front wheel drive cars, front wheel drive mini-vans and rear wheel drive mini-vans only. Cars must be over 106 inch wheelbase. All entries shall not have engines bigger than 6 cylinders. No convertibles.
2. **Put vehicle number on both front doors and on a MANDATORY upright roof panel (15" X 15" min.) in large readable print. Must be able to read number to be scored correctly.**
3. Battery must be placed in a secured container and be securely covered with a non-conductive material such as a rubber floor mat. **You will disqualified if battery becomes loose during event**
4. Vehicle hood must have a hole in it large enough for a fire extinguisher to access the engine compartment.
5. **Drivers and passengers doors must have one flat steel plate (1/2 inch minimum thickness and 6 inch minimum width) bolted to outside of door. Length is at least 5 inches past driver and front passenger door seams but not exceeding past the center of each wheel on each side of vehicle. This plate must be bolted to door with at least three bolts 1/2 inch diameter or larger.**
6. Drivers and passenger's door may be welded solid, all other doors must be welded, wired or chained shut.
7. All vehicles must have a **bar** attached to center of windshield area to prevent hood from entering cab.
8. **All glass, chrome, carpet, back seat, headliner and anything flammable must be removed.**
9. If the original stock gas tank is factory located completely in front of the rear axle it can remain and be used in this position. Stock gas tank must be removed if it is above or behind rear axle. Stock fuel tank not being used must be removed from vehicle. **NO PLASTIC AUXILLIARY FUEL TANKS ALLOWED.** If vehicle was originally equipped with an electric fuel pump located in the fuel tank, this tank can be used in the backseat area of the vehicle. All extra fuel lines must be plugged. Auxiliary tank must be secured to floorboard and covered with a secured rubber mat.
10. **Fire extinguisher is mandatory and must be securely mounted and easily accessible for use.**
11. Vehicles must have one pipe, no bigger than 2" in outside diameter welded from drivers' side to passenger side door pillars. A 6 inch maximum round butt plate may be welded to end of pipe to attach to door pillar.
12. One or two horizontal pieces of round or square tubing may be placed in front of radiator, to be supported by two vertical pieces of tubing coming off frame with a support tube not exceeding 18" back from the horizontal tubes). All tubes not to exceed 2" in outside dimension. No angle or channel iron allowed. **This reinforcement must be at least 2" behind front bumper** in the grill area and not exceed beyond the width of frame rails. This is designed as a radiator protector, not a battering ram.
13. Stock D.O.T. type tires must be used. No water in tires, no screws in tread or bead of tire and no tire inside of a tire. **NO DONUT TIRES ALLOWED ON DRIVE AXLE.**
14. Stock safety belts or racing type safety belts must be used during the event. Stay securely fastened during your race even if your vehicle is inoperable. DOT approved drivers helmet must be worn and properly fastened. Fire protective suit and eye protection is recommended.
15. **THE JUDGES DECISIONS ARE FINAL.**

Entry Fee:

All competitors must pay general gate admission. All persons entering pits must sign waiver & pay pit entry fee. Entry fee is for driver only, Rider must pay additional entry fee. Pit passes are available for crew members.
